Week 1 Meeting

This week we met for the first time and had an hour-long meeting discussing the topic and preparing our research. We began to construct the powerpoint based on how we would like to present certain ideas for this topic. Our app will be either PennyPals or InvestNest as it will be an app where people can come together as a community, and help others on their investors journey. Next week we are going to finish the research and begin to work further on the powerpoint. Lastly, I do not know if the leader schedule for the group will still be there after I submit this so I am putting it down below as well.
